

LOGICSYNER INNOVATIONS PRIVATE LIMITED

# AI Beyond ChatGPT

Your Teachers Use AI.  
We Make Them **Masters** of It

Free **Professional Development**  
Program for Forward-Thinking  
Schools

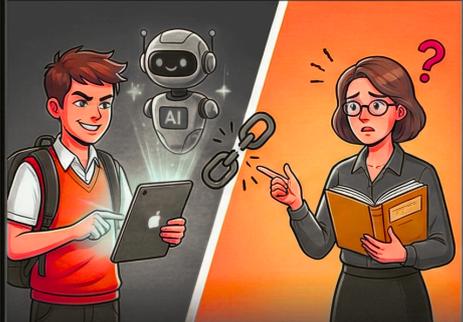

Innovating Beyond Barriers  
**AI for Every Teacher in India**

# Problems Your School Can't Ignore

1

## ! The Authority Gap

**Students know AI better than teachers.** They use it to write essays, solve problems, even cheat. When students know more than teachers, classrooms lose respect.

2

## ! The Burnout Crisis

Teachers spend **40%** of their time on **NON-teaching work**. Admin tasks are killing teacher passion.

3

## ! The Relevance Risk

**The world changed. Did your curriculum?** Schools still teaching 2015 methods in 2025 classrooms. Parents notice. Students disengage.

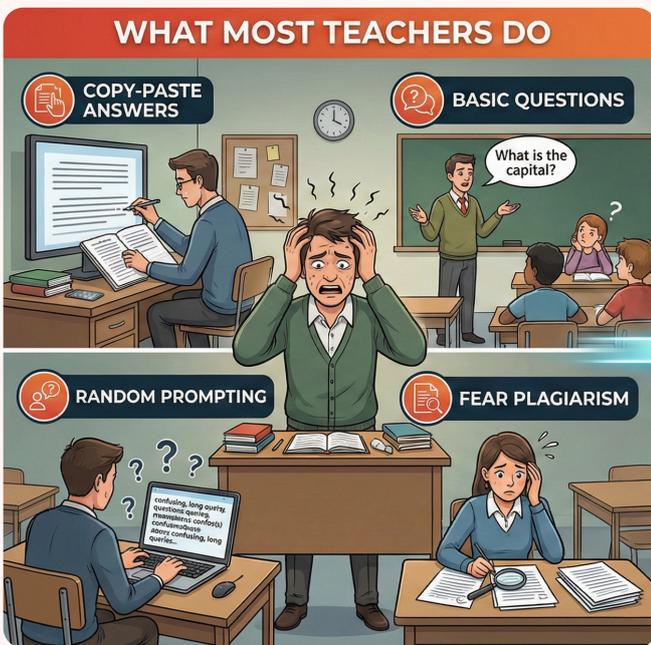

The question isn't whether AI will change education. It already has.

**THE QUESTION IS: ARE YOUR TEACHERS READY?**

# Let's Be Honest

Your teachers already use **ChatGPT**

But are they using it **RIGHT?**

**ChatGPT** is basic. This isn't.  
We don't teach AI. We teach **AI mastery**.

# Why Smart Principals Are Saying **YES**

- **Enhance school brand** by positioning your institution as a forward-thinking leader in AI education.
- AI Boost Teacher Productivity in planning and administration, **increasing the overall efficiency** of the school.
- Align with NEP 2020 Meet national standards for technology integration and digital skill development.
- Helps in **parent engagement** and school marketing by showcasing innovation.
- **Zero financial risk** Provide high-value professional training to your staff at no cost.

**THE TOP SCHOOLS ARE ALREADY DOING IT. WHERE DOES YOUR FACULTY STAND?**

# Workshop Overview

Duration : 1 hr 30 mins | For Teachers Only

**NOT A LECTURE. A TRANSFORMATION**

## Session Overview

- How AI helps your career and aligns with the new education policy.
- Master the correct way to use ChatGPT and Gemini without confusion.
- Simple tricks to ask AI questions and get perfect answers.

Cost? **Zero**  
This is completely free. No hidden charges. No commitments.

**YOUR TEACHERS WORK 60 HOURS A WEEK. WE CAN MAKE IT 45**

---

# About Us

We are **Logicsyner Innovations Pvt. Ltd.** a **DPIIT-Recognized Startup** dedicated to revolutionizing education in India. Through our flagship platform **Collegites AI** we create tools that help teachers and learners transform notes into videos, quizzes, and interactive lessons. We are also developing Bharat-EDU-LLM, India's first educator-led multilingual AI model, rooted in real Indian classrooms.

Some recent milestones we're proud of:

- We won the **Startup Maharathi Challenge** under AI and Deep Tech Category
- We were selected as winners of the **MSME Ideathon 4**, securing a **₹20 lakh innovation grant**
- We were selected under the **GENESIS EIR Scheme** and awarded a **₹10 lakh grant** supported by MeitY (Govt. of India)
- Watch our journey captured by the **Wadhvani Foundation** in their official documentary on youtube.

Our focus is on Tier 2 and Tier 3 cities, providing high-quality, vernacular-friendly AI training to bridge the digital divide for 1 Crore+ teachers.

**WE'RE NOT SELLING. WE'RE BUILDING INDIA'S LARGEST AI-READY TEACHER COMMUNITY**
